

Har du rätt till äldreomsorgsstöd?

Vem kan ansöka?

Äldreomsorgsstöd är ett stöd för dig som är pensionär och saknar pension eller har en låg pension. Det är ett stöd för att du ska kunna betala för din bostad och klara din försörjning. För att ansöka ska du ha uppnått rätt ålder och vara bosatt i Sverige. Är du född 1957 eller tidigare behöver du vara 65 år eller äldre. Är du född 1958 eller 1959 behöver du vara 66 år eller äldre. Är du född senare kommer andra åldrar gälla för dig*.

Two steps for application

1. Do you have the right to a pension?

You who have the right to a general pension but have not applied for it, you need to do this simultaneously with the application for old-age care support.

You who already have a general pension can apply for old-age care support directly.

What happens next?

When we start processing the application, we first check if the application is complete. Missing information will delay the application. You will always get a written decision from us.

If you are granted old-age care support, you will receive a payment once a month. If you already have a general pension, the old-age care support will be granted at the same time as the pension. Old-age care support is tax-free.

Old-age care support is granted for one year at a time and you will receive a reminder from us one month before you need to apply again.
